

STAY IN TOUCH AROUND THE OFFICE

– DUO HEADSET WITH TRIPLE CONNECTIVITY AND SUPERB SOUND

Do you struggle with background noise at work? If you can't get the peace and quiet you need to make important phone calls, try our new Jabra PRO™ 9465 headset. A series of noise-canceling, sound enhancing technologies make this headset ideal for office personnel and specialists working in shared spaces. Thanks to triple connectivity, you no longer have to think about which phone is ringing. Whether a caller is trying to get through on your desk, soft or mobile phone, the call will always come to the same headset. You just tap the talk button and answer the call.

GET SOME PEACE AND QUIET

If your job involves making phone calls in noisy environments, the Jabra PRO™ 9465 headset is for you. An extended boom arm delivers exceptional audio quality. The PRO 9465 Duo headset channels sound to both ears, which also helps reduce background noise. Wideband sound quality ensures that the audio you hear is crystal clear, while SafeTone technology protects your hearing against sudden acoustical sound spikes.

JUST TOUCH THE SCREEN!

The Jabra PRO™ 9465 supports a stylish touch screen base which unifies your desk, mobile and softphone. It connects to your headset via DECT technology, offering a wireless range of up to 450 feet. A SmartSetup wizard provides a simple, step by

step guide to connecting your phones and choosing your personal preferences. Colorful icons and an intuitive menu system make this device genuinely user friendly – both for set up and call handling.

- Multiuse connectivity: desk, mobile and softphone
- Touch screen base with SmartSetup wizard
- Noise-canceling microphone and Digital Signal Processing
- Wideband sound (150 Hz – 6,800 Hz)
- Full hearing protection with Jabra SafeTone
- Up to 450 feet wireless range
- Minimal energy-consumption with Jabra IntelliPower
- Duo headset
- Up to 11 hours talk time

GN Netcom is a world leader in innovative headset solutions. GN Netcom develops, manufactures and markets its products under the Jabra brand name.

JABRA PRO™ 9465

	FEATURES	BENEFITS
Ease of use	Up to 450 feet* wireless range with DECT 6.0 and CAT-iq technology	Long range and reliable connectivity gives users the freedom to multi-task with maximum efficiency and answer phone calls from any location in the office.
	Multiuse connectivity – desk, soft and mobile phone (mobile phone connects to headset base via <i>Bluetooth®</i>)	Allows users to switch seamlessly between calls on desk phones, softphones and mobile phones.
	Talk time up to 8 hours in wideband sound mode and up to 11 hours in narrowband sound mode	No need to charge headset for a full working day.
	Headset controls: – Multifunction button – Headset touch screen	Includes remote answering/ending of calls, voice-activated dialing, call rejection, redial function, swapping between held calls. Volume control and microphone mute.
	2.4" Touch-display screen in Q-VGA resolution for call handling, system configuration and setup wizard	Intuitive touch screen call management. Shows active phone device and lets you redial. Easy system configuration with SmartSetup wizard and auto setup.
	Standby time 46 hours	Less need to charge headset.
	Voice recording from desk and mobile phone	Save your conversations on a PC (PC recording application required).
Comfort	Wearing style: – Headband	Headband with ultra-soft memory foam ear cushions ensures all day comfort.
	Headset weight 70g.	Lightweight office headset.
Audio	Wideband sound and DSP (Digital Signal Processing)	Hear and be heard with digitally enhanced speech and sound in wideband quality. Helping users hear what customers are saying, this feature enhances call efficiency and clarity.
	Supports both wideband (150-6,800 Hz) and narrowband (300-3,400 Hz) to match phone system	Close integration with the specific type of phone system means better call clarity for both parties. Bandwidth can be selected per phone.
	Single noise-canceling microphone with DSP	Reduces distractions by eliminating background noise, so only the user's voice can be transmitted.
	Jabra SafeTone technologies	Protects users' hearing by cutting off sudden sound spikes and loud noises (PeakStop™ protection). Secures safe average sound levels throughout the day (IntelliTone™).
Additional	Downloadable software drivers are available on www.jabra.com/pcsuite	Users can answer/end calls up to 450 feet away from their desk and softphone.
	Minimal energy consumption with Jabra IntelliPower system	Headset and base go into sleep-mode when not active. This provides investment protection. Screen display is automatically dimmed and a switch mode power supply ensures reduced power consumption. This saves energy and reduces carbon emissions.
	Security: encryption between headset and connected device	Secure conversation. No one can listen to your conversations.
	Security: Kensington Lock	Theft protection of the base.
	North America: One-year limited warranty	With GN Netcom's no fine print 1-year warranty, you'll enjoy worry-free ownership.
